It seeks to provide consumers, distributors, and staff with an understanding of the class of consumers for which this Product has been designed, having regard to the objectives, financial situation and needs of the target market.

This document is not a Product Disclosure Statement (PDS), is not to be treated as a full summary of the Product's terms and conditions, does not consider any person's individual financial objectives, situation and needs and is not intended to provide financial advice. A consumer must refer to the relevant PDS and any supplementary documents when deciding if this Product is suitable for them.

This TMD relates solely to the Product. Some investment options available through the Product will have their own target market determination. Consumers should refer to the relevant target market determination, PDS and any supplementary documents for investment options available through the Product before making an investment.

### 1.1 PDS to which this TMD applies

This TMD applies to NQ Super accumulation accounts referred to in the *NQ Super & Pension PDS* which can be located at [www.nqsuper.com.au](http://www.nqsuper.com.au).

## 2. CLASS OF CONSUMERS THAT FALL WITHIN THIS TARGET MARKET

The target market for the Product is consumers wanting a superannuation product which provides investment and insurance choice to plan for retirement. The information in the following tables summarise the overall class of consumers that fall within the target market for NQ Super.

### 2.1 Investment objectives, financial situation and needs of the target market

Consumer attributes	Rating	Target market suitability
<b>Primary investment objective</b>		
Capital Growth	● In target market	<p>The Product is suitable for consumers who want to save for their retirement within the superannuation environment. Due to legislative rules, any investments including any income generated from those investments generally cannot be withdrawn or extracted from the Product. On that basis, the Product is not suitable for a consumer that in-tends to receive regular income.</p> <p>The Product offers a broad range of investment options including (but not limited to) managed funds, listed securities and term deposits. Therefore, this Product may be suitable for consumers wanting choice and flexibility on how their superannuation account balance is invested.</p>
Capital Preservation	● In target market	
Capital Guaranteed	● Potentially in target market	
Regular Income	● Not considered in target market	
<b>Intended product use (% of total superannuation savings)</b>		
Diversified solution (> 75-100%)	● In target market	<p>The Product will typically suit a consumer that is looking to invest most of their superannuation savings. Consumers intending to invest only a portion of their superannuation balance should consider the impact of paying fees and/or insurance premiums to multiple superannuation providers. There may be some instances where a small allocation is appropriate such as maintaining an account for insurance purposes or transitioning to retirement.</p>
Core component (> 25-75%)	● In target market	
Small allocation (0-25%)	● Potentially in target market	
<b>Minimum investment timeframe</b>		
Short (≤ 2 years)	● Potentially in target market	<p>The Product is suitable for consumers who want to save for their retirement within the superannuation environment. Due to legislative rules, investments into accumulation accounts are generally for the long term.</p>
Medium (≤ 8 years)	● Potentially in target market	
Long (> 8 years)	● In target market	<p>There may be instances, for example, you are close to retirement age, where an investment into an accumulation account is a short- or medium-term investment.</p>
<b>Risk (ability to bear loss) and return profile</b>		
Very high	● In target market	<p>Most investment options available through the Product are rated as Medium, High or Very High risk. Given that a consumer has the flexibility of choosing from a range of investment options, the consumer's investment selection and investment strategy can be adjusted to suit their overall risk profile. Consumers should refer to the PDS relevant to their accumulation account which will contain further information on the risks for each of the options available through the Products.</p>
High	● In target market	
Medium	● In target market	
Low	● Potentially in target market	
<b>Minimum timeframe to request withdrawals</b>		
Daily	● Not considered in target market	<p>Due to legislative rules, consumers can only access their accumulation account balance in limited circumstances.</p>
Weekly	● Not considered in target market	
Monthly	● Not considered in target market	
Quarterly	● Not considered in target market	
Annually	● Not considered in target market	

## 2.2 Insurance objectives of the target market

The issuer considers that the Product is likely to be consistent with the likely objectives, financial situation and needs of consumers within the target market. This is based on an analysis of the key terms, features and attributes of the Product and a finding that these are consistent with the identified class of consumers.

Consumer attributes	Rating	Target market suitability
Insurance cover in the event of death or terminal illness	In target market	Death cover may be suitable for a consumer that wants a lump sum benefit if they die or suffer a terminal illness.
Insurance cover in the event of total and permanent disability	In target market	Total and permanent disablement (TPD) cover may be suitable for a consumer that wants a lump sum benefit should they become totally and permanently disabled.
Insurance cover in the event of temporary or permanent disability or illness	In target market	Income protection cover may be suitable for a consumer that wants a monthly benefit paid in arrears if they become temporarily disabled.

**NOTE:** Insurance may not be suitable for certain excluded occupations. You should refer to the relevant PDS for further detail.

## 3. HOW THIS PRODUCT IS TO BE DISTRIBUTED

The Product is designed to be distributed through Financial advisers. Unadvised consumers can remain in the product without the benefits of the adviser's professional assistance in selecting investment and insurance options.

### 3.1 Distribution conditions

The Product should only be distributed under the following circumstances:

- Where the consumer is a tax resident in Australia and is eligible to contribute to or consolidate their superannuation account; and
- Where a consumer is applying for insurance cover, they must:
  - Meet the age, employment and residency requirements outlined in the PDS; and
  - Be in an eligible occupation category for the type of insurance cover being applied for.

Distributors must also ensure that they comply with all regulatory provisions relating to financial products including but not limited to the provision of financial advice, anti-hawking provisions and other legislative requirements within the Corporations Act and other relevant laws.

Apart from eligibility to join NQ Super through an employer group, the Trustee has not identified any circumstances where distribution of the Product would be restricted if the above conditions are met.

### 3.2 Adequacy of distribution conditions and restrictions

The issuer has determined that the distribution conditions and restrictions will make it likely that consumers who purchase the Product are in the class of consumers for which it has been designed. The issuer considers that the distribution conditions and restrictions are appropriate and will assist distribution in being directed towards the target market for whom the Product has been designed.
